

Amendments to the Claims:

This listing of claims will replace all prior versions, and listings, of claims in the application:

Listing of Claims:

1. (Previously Amended): A wireless telephone communication system for a set top box, comprising:
 - (A) a base unit connected to an AC power line for the transmission and receipt of control and data signals;
 - (B) an extension unit connected to an AC power line for the transmission and receipt of control and data signals to and from said base unit;
 - (C) a set top box connected to said extension unit via a standard telephone cable; and
 - (D) a central office device connected to said base unit.
2. (Previously Amended): A wireless telephone communication system for a set top box, as recited in claim 1, wherein said base unit does not provide ringer and caller identification functions.
3. (Previously Amended): A wireless telephone communication system for a set top box, as recited in claim 1, wherein said extension unit does not provide ringer and caller identification functions.
4. (Original): A wireless telephone communication system for a set top box, as recited in claim 1, wherein said extension unit is embedded within said set top box, and wherein said embedded extension unit is controlled by said set top box.
- 5-17. (Cancelled)
